Industrial Richmond in Film to be Shown in the East

INDUSTRY BE ATTRACTED RICHMOND THRU FILMS

R. B. Hooper, representing the Photocraft Corporation of Berkeley, has completed the first unit of his work filming the Richmond industrial sections after having produced and shown the pictures at the Chamber of Commerce. On February 2nd, it is announced, Hooper will give a Richmond film at the Lincoln Auditorium in connection with a program to be offered by music and dancing artists of this city.

The films shown will be circulated through the Chamber of Commerce bureaus of the east and in Southern California. The various commercial bodies of the country are now showing films as an educational feature and expanding California interests throughout the country. The films must be furnished free of charge and listed for an extensive circuit. Already there has been a good demand for the Richmond film.

Hooper will receive pay for his work from the manufacturing plants where his work has been and is being done, and the entertainment to be given at the Lincoln Auditorium on next Wednesday night will be for the purpose of paying for special features of Richmond people and Richmond civic acquisitions. The entire film will be devoid of real estate advertising in conformity with the requirements of the news film circuit and the Chambers of Commerce.

Degrees Conferred at Meeting of the Royal Arch Masons

The Royal Arch Masons had a banquet at the Masonic Hall last night when High Priest C. R. Alexander presided, and speeches were delivered by past high priests W. J. Helms, C. D. Horner, Jim Towers and John Chandler. The degree of Royal Arch was conferred upon three candidates. The regular weekly session was held later.

Miscrants Covers Wheels of Auto With Red Paint

While Exalted Ruler George B. Fredenburg of the Richmond lodge of Elks was attending lodge meeting Tuesday night, some miscrants painted the wheels of his auto with red paint. The matter had been reported to the police, but as yet no clue to the miscrants has been found.

Is Arrested on Charge Driving Auto Recklessly

Sam Willinger of the county line was arrested by the police yesterday on a charge of violating the state motor vehicle act, in reckless driving. He was taken before Justice of the Peace John Roth and deposited \$20 bail. Time of trial has not yet been set.

WHISKY ON OIL TANKER
Whisky worth about \$1500 was yesterday discovered on the oil tanker Broad Arrow by Federal agents. The officers searched for several hours before they found the plant.

PLAN TO SUPPLY HOMES

COMPANY TO FINANCE PROGRAM OF BUILDING

The first decisive step to build homes for Richmond people, despite the high cost of materials and labor, and the stringency in loan markets, has been taken by the chamber of commerce through the medium of the California Home Investment Association. R. Cori Knight appeared before the manufacturers' bureau at the noon luncheon yesterday and explained a program which met with immediate favor.

Knight stated that his company wanted to establish a branch office in this city and to interest business men and property holders in making loans to those who would build upon lots they now own.

The plan has been in effect successfully in many California cities, and Knight produced some creditable letters of endorsement of his plan from well-known bankers and other authorities.

The preliminary efforts towards establishment of the branch office of the investment company were made some time ago by Secretary Wallace, and the action of yesterday is the culmination of a long struggle to finance if possible the building of homes for the hundreds of applicants who haunt the chamber of commerce and newspaper offices seeking places to buy or rent.

Getting the property owner and financial sources together has been a problem on account of the usual inflated values fixed on Richmond lots, and not considered by loan companies as security.

Under the present plan a borrower may secure enough money to start his home and complete it with a safe degree of values and subsequent income.

Larkin Younce, J. F. Galvin, Geo. N. Rooker, C. S. Downing, H. A. Ballenger and H. A. Johnstone spoke favoring the plan of the investment company. John F. Galvin was appointed chairman of a committee to act with Knight in effecting a considerable plan for organization in Richmond. Others on the committee are: H. A. Johnstone, Larkin Younce and C. S. Downing.

The California Investment Association represented by Knight and others will meet with the committee at the chamber of commerce within a few days.

Big Auto Wheel Factory TO INVESTIGATE DEATH OF WOMAN

D. D. Bohannon, engineer for the Resilient Safewheel Corporation, recently capitalized at \$200,000, with headquarters at Berkeley, appeared before the chamber of commerce manufacturers' committee meeting Wednesday noon and spoke on the subject of locating the Pacific Coast plant in Richmond. The company has a branch factory temporarily located in San Francisco and has been manufacturing the product represented for some time. It is the first step to construct a building 100x200 feet as the first unit of an immense plant to turn out the several types of automobile, truck and airplane wheels.

Speaking of the outlook for his company, Bohannon said: "There are ten million automobiles and trucks in operation in this country today. The big problem of all manufacturers is centered about the wheel, which of course includes the tires. Our wheel type has been studied out with great care and is now in use on about 1000 cars, all giving the most gratifying results. We propose to engage in the manufacture of three types of disc wheels at this time and to enlarge our scope of production as demand justifies. We believe that out of the ten millions of automobiles and the great need of an economical wheel, we stand in the line of the first to achieve satisfactory results to meet the need."

Some of our stockholders own lots in Richmond just east of San Pablo avenue along the Santa Fe tracks, and we have just gone over this property with a view to building our plant there. However, we want to be nearer the harbor, and if we can negotiate a satisfactory lease for an industrial tract, we will prefer to get such a lease."

In company with Secretary Wallace, Bohannon made a survey of several tracts of land suitable for the factory, and selected one which will be the object of immediate negotiations. At the Santa Fe foundry, Bohannon discovered that his company had already negotiated with the San Francisco plant of this company for a contract, and if this contract prevails the steel disc wheels can be manufactured in the Richmond foundry.

Labor Conditions Good Here
Bohannon has just returned from an extended visit through Eastern manufacturing centers and declares that Richmond presents better labor conditions than he had seen elsewhere. He stated the peak of labor troubles and idleness had been reached by the readjustment of wages so that the various industries of Michigan, Ohio and Indiana were resuming operation on a pre-war wage basis. This experience was rapidly taking form in California, he stated, but would not reach the serious conditions suffered in the Eastern cities.

Switching Charges Will Not Affect Richmond Shippers

The hearing of the switching charges that are being made in both San Francisco and Oakland, that is now before the railroad commission, is being watched with a great interest by shippers on both sides of the bay.

City Attorney D. J. Hall was present at the hearing yesterday, but he ascertained that the outcome of the hearing would not effect the shippers of Richmond.

Investigation into the circumstances surrounding the death of Dot A. B. Tinning.

Believing the woman met her death by poisoning other than self-administered, the stomach was sent to the University of California and the findings of the experts was to have been made known at the inquest at Antioch last night.

According to Sheriff Veale no report of the woman's death was made to his office, but he has not disclosed in what manner he secured knowledge of the death of the woman.

While no direct statement has been made that the woman might have been murdered, intimations have been made that circumstances surrounding her death were peculiar and warranted investigation.

Sheriff Veale announced that the woman is reputed to have had a considerable sum of money a few days before her death.

Two Houses are Sold to L. Bernes by School Board

The board of education at its regular meeting at the Lincoln last night accepted the bids of L. Bernes for the properties at 135 and 145 Ninth street, who was the highest bidder in each instance. For the first mentioned property Bernes' offer was \$1510, and the bids ran as low as \$605; for the other property the successful bid was \$1225, and the bids ran down to \$505. No bids were received for any of the other houses on the site of the proposed intermediate school, and the board decided to advertise them.

Tentative plans were discussed by the board for the new junior high school and Fairmount school.

**HENRY L. PENNY INMATE
SAN FRANCISCO HOSPITAL**
Henry L. Penny, former local brick contractor and also city councilman, is confined to the Affiliated College Hospital, San Francisco, according to word received by his friends here yesterday. The nature of the illness was not stated. For the past year Penny has been living on a farm near Santa Rosa.

STUDENT SURVEY OF RICHMOND CONTAINS VAST NUMBER FACTS

An industrial survey of Richmond, prepared by a class of students in the department of economics of the University of California, is on file in the Chamber of Commerce. James T. Narbett, Geo. N. Rooker and Harry Marcus will meet with Secretary Wallace and Harold L. Pierce of the University of California.

COURT SUIT AS RESULT TWO AUTOS IN COLLISION

Trial of a damage suit instituted by B. W. Oast, of Watsonville against Anton Franke of Richmond, the outgrowth of a automobile collision, started before Superior Judge, R. H. Latimer yesterday. Case contends that a car driven by Shubat collided with his machine in Richmond on April 2 last. He attributes the accident to Shubat's negligence. He asks \$1000 damages for injury to his automobile and \$1500 for personal injuries.

AT STUDENTS MEETING
Hale Stoddard went to Santa Ana yesterday afternoon as the representative of the Richmond Junior High School, to attend the students body convention, convened by the president's convention and scheduled for the latter part of this week.

OFFICIAL PAPER CITY OF RICHMOND

THINKOGRAPHS by F. J. HULANISKI

OBLITERATE CRIME INCUBATORS

The good citizens of Richmond (and more than nine out of every ten are good) will be glad to note that the city authorities are fixing up an ordinance under and by virtue of which the booze joints of this city can be stamped out. Everybody knows, who knows anything, that most of the so-called and alleged soft drink places, not only in Richmond, but everywhere else, where the place used to be a saloon and has apparently switched to lemonade and coca cola, is but a camouflage and blind for the illicit selling of whisky and wine at one end of the bar, while the soda water bluff is at the other. The amount of "soft-drinks" these joints sell would not pay their rent, much less other expenses, which positive fact is perfectly apparent to anybody not blind in one eye and unable to see out of the other.

Just take a look around, both inside and outside of these old booze holes, and what do you see? The same old whisky soaks loafing around that used to loaf around the saloons, their red faces, swollen noses and watery eyes a dead giveaway as to what they get in the "soft drink" palaces. Wherever the buzzards hover there you will always find carrion, and it is a cinch the old soaks and lishes do not hover around organgeade or sarsaparilla. Give them a gulp of any such "wash" as that and they'd drop dead with surprise. One might as well insult them with a glass of water or a bath.

And so these miserable holes of iniquity continue to evade the law and pay no license, yet drench the community continually with a lot of manufactured liquid hell that would eat the clapboards off of a house, nails and all, debauching the young, hurrying the old onward to the grave and hatching out most of the crime that is flooding the country with burglaries, holdups, rape, and every other outrage.

The young men members of the Howard street gang, whose horrible crimes of outrage and murder startled the country, were all drunk when the crimes were committed, and every auto bandit, holdup, burglar and other criminal fortifies his cowardly nerve with copious doses of the rot-gut liquid lightning these so-called soft drink places hand out to anyone known to them and willing to be robbed for it. They are the incubators of crime—in San Francisco, in Oakland, in Richmond, and all over the United States, and indirectly responsible for the bulk of the crimes committed and the filling of the jails, penitentiaries and insane asylums with the youth of the land.

Under the Volstead act, the law is a Federal statute, and the local police have not felt that it was their duty to act under it, but where local ordinances are passed to conform with it, that gives the local authorities power to act, and until this is done in every locality, the criminals are going to continue to do business at the old stands.

Martinez is passing such an ordinance; Bay Point already has one, and Pittsburg, while District Attorney Tinning is now working on a county ordinance which will cover the whole county outside the incorporated towns. Similar laws and ordinances are being rushed through all over the country, and there is going to be a general cleanup of the booze dispensers and bootleggers. In a short time the jails will be so full of them their feet will be sticking out of the windows, and it is therefore well that Richmond is getting in line with the good work against the devil and on the side of God Almighty, the home, the wife and the child. Just as soon as the ordinance gets in working order the busy bee won't have anything on "Richmond's Finest," who will have a fresh batch of booze bounds up before Hizzoner every morning. Glory be—

But he can't talk about his wrongs
 We blame the mule and say that he
 Is full of ugly tricks;
 And so he simply kicks.

Do we ever stretch the truth, asks a reader? Well, seldom; but of course there are times, y'know, when we do—just a trifle. Now, here is a sample of what we can do in that line: Last night, just after we got to sleep, the telephone rang, and upon tumbling out into the cold air and learning that it was the wrong number, why, all we said was: Oh, pshaw!

The average state legislature will introduce about a thousand new bills, some of which are introduced for no other reason than to make some corporation or individual "come across."

Loss of memory is not so prevalent now as it used to be. Before prohibition a lot of us used to have to look through our pockets next morning after the night before, to see if there were any letters or other evidence as to what in blazes our names were, street address, etc.

Being an editor and newspaper man, what in the world can Harding possibly know about the currency systems of the world, other than that coin is always scarce when the paper house gets cocky?

In the theatrical plays and story books the villain always gets what is coming to him, and the hero and heroine live happy ever after; but it's not always that way in everyday life. The villain is often a profiteer who gets away with the wad.

Radium will cure cancer, but as it costs \$5,000,000 a pound, most of us, should we accumulate a cancer, will just naturally have to cut it out, or something.

It is a self-evident fact that if Uncle Sam don't hurry up and whip Mexico and Japan, William Randolph Hearst will.

There is another thing, among the many, for which we of this good old U. S. A. should be thankful, and that is that none of our men wear monocles. That sort of idiocy is confined to England's lords and dukes and ducks, long on white spats and hort on brain matter.

The liquidation we are now passing through is a good deal like the old pitcher of ice water that was taken for hot coppers and busthead.

Most men's heads are in favor of prohibition enforcement, but their stomachs are against it, and their stomachs are four times bigger than their heads.

Between the auto bandits, bootleggers and politicians, the police and the people are kept pretty middlin' busy.

Senator Smoot of Utah has introduced a bill to prohibit smoking in any public building, including the White House. Smoot used to have four or five wives, but he never was wicked enough to smoke.

The theosophists say that men improve with each reincarnation. Well, then, as he has recently reincarnated from a Democrat to a Republican, it is about time the son-of-a-gun was showing some signs of improving.

Why bother with menu cards? One can nearly always tell by the tablecloth what the restaurant is dishing out.

These Charts Show Why Your Electric
 Light Bills Are Higher Now Than
 In Summer

Study the above charts. The one at the left shows the relative
 number of hours of daylight and darkness and the hours of use
 of Electric Light in each day during the Spring and Summer.

The chart at the right shows the same comparison between
 darkness, daylight and hours of use of Electric Light, but for the
 Fall and Winter months.

You will notice that there is two-thirds more darkness in each
 day during the Fall and Winter than in the Spring and Summer,
 and, that on account of it, it is necessary to use your Electric
 Light nearly three times as much every twenty-four hours as in the
 Spring and Summer.

It is only natural, therefore, that with this increased con-
 sumption of Electricity for lighting, your Electric Light bills
 will be somewhat higher.

BIG MUSICAL COMEDY ATTRACTION RICHMOND THEATER JAN. 28 AND 29

Music lovers of Richmond are promised a two-dollar treat Friday and Saturday nights, when the "Yankee Prince" comes to the Richmond Theater.

The trend of the times is to lower prices, therefore, the management believes more money can be made by

giving the public a big treat for small cost, thereby insuring larger attendance, which in reality brings the largest returns. The "Yankee Prince" company is a large one, some forty members, carrying a special baggage car of scenery and elec-

trical effects, and their appearance at this time should be met with a hearty welcome by music lovers.

George M. Cohan's musical shows are too well known to need introduction; needless to say there are some twenty big song hits to be rendered, each backed by a beauty chorus hard to beat.

RALPH BELL, Comedian

The engagement is for two nights only and too much emphasis cannot be made on the fact that reservations should be made early for choice seats.

Santa Fe Ferry San Pedro Now on Key Route Run

The San Pedro, one of the Santa
Fe ferry boats used in the Richmond
to San Francisco ferry service to
carry passengers from Santa Fe
trains to San Francisco from Ferry
Point, was put on the Key Route
run between San Francisco and Oak-
land yesterday, and carried record
loads of commuters to the East Bay
section. Many passengers of San
Francisco via the Santa Fe, it is
stated, go to 40th and San Pablo
avenue Oakland and take the Key
Route trains there to San Francisco.
The stations of the Key Route and
Santa Fe are within half a block
apart.

GRANTED DIVORCE

Because his wife, Blanche A.
Smith, was married to another man
when she married him, an annulment
of his marriage was granted to Alex-
ander Smith by Superior Judge A. B.
McKenzie at Martinez. Attorney T. H.
DeLap of Richmond appeared for the
plaintiff.

WOB TAKES CHARGE OF

NEGRO AND THEN VANISH

MEMPHIS, Tenn., Jan. 26.—Henry
Lowery, negro, charged with the kill-
ing of O. T. Craig, a planter, and
Craig's daughter, Mrs. C. O. William-
son, at their home near Wilson, Ark.,
Christmas day, was taken from offi-
cers at Sardinia, Miss., early today by
a crowd of men who bundled him
into an auto and disappeared, ac-
cording to a telephone message re-
ceived here.

Lowery, it was stated, was taken
from a northbound train, aboard
which he was being returned to Ar-
kansas from El Paso, Tex., where he
was captured last week.

According to advices received here
about eight or ten automobiles ac-
companied the one in which the
negro was placed by his captors.

PADEREWSKI WILL MAKE

HIS HOME IN CALIFORNIA

NEW YORK, Jan. 26.—Ignace
Jan Paderewski will sail for the
United States from Havre, France,
February 6, according to letters and
cables received by W. O. Gorski, his
stepson, it was learned today.

The "father of the Polish republic"
and pianist said in his communica-
tion to his stepson that the visit
will not be a professional one.
Paderewski plans to spend a few
days in New York and then go to
Paso Robles, Calif., where he has
a ranch, according to his letters.

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to flush kidneys and neu-
tralize irritating acids—Spian-
did for system.

Kidney and Bladder weakness re-
sult from uric acid, says a noted
authority. The kidneys filter this
acid from the blood and pass it to
the bladder, where it often remains
to irritate and inflame, causing a
burning, scalding sensation, or set-
ting up an irritation at the neck of
the bladder, obliging you to seek
relief two or three times a night.
The sufferer is in constant dread
the water passes sometimes with a
scalding sensation and is very pro-
fuse; again, there is difficulty in
avoiding it.

Bladder weakness, most folks call
it, because they can't control urina-
tion. While it is extremely annoy-
ing and sometimes very painful, this
is really one of the most simple
ailments to overcome. Get about
four ounces of Jad Salts from your
pharmacist and take a tablespoon-
full in a glass of water before break-
fast, continue this for two or three
days. This will neutralize the acid
in the urine so it no longer is a
source of irritation to the bladder
and urinary organs which then act
normally again.

Jad Salts is inexpensive, harm-
less, and is made from the acid of
grapes and lemon juice, combined
with lithium, and is used by thou-
sands of folks who are subject to
urinary disorders caused by uric acid
irritation. Jad Salts is splendid for
kidneys and causes no bad effect
whatever.

Here you have a pleasant, effor-
tescent lithia-water drink, which
quickly relieves bladder trouble.

New Gusher is Brought in by Associated Oil

The Associated Oil Company has
brought in a new well, producing
more than 3,000 barrels daily of
32.6 degree gravity oil on an eighty
acre tract of patented land in the
southwest quarter of section 26,
township 31 south, range 23 east,
in the Buena Vista Hills district of
the Midway fields. An interesting
fact regarding the new well is
that it was brought in on land on
either side of which are sections
27 and 28, controlled by the Pacific
Oil Company, the new subsidiary of
the Associated Oil Company.

The Home-Staying Dollar

Is the dollar that counts in the long run.
It's the dollar that eventually "comes
back." If Jones buys a suit of clothes
from Smith and Smith buys a pair of shoes
from Jones the dollars involved in the
transaction stay in Richmond and both
Jones and Smith make a profit.

If, however, Jones buys his suit in some
other town and Smith goes elsewhere to
buy his shoes, both Jones and Smith lose a
profit and the money each spends may
never come back to Richmond.

Too many Richmond people buy suits
and shoes—and many other necessities—in
other cities. Richmond is a prosperous
community to be sure, but not nearly so
prosperous as it would be if we all remem-
bered that the home-staying dollar.

New Department for Geography Professor Urges

R. S. Holway, head of the department of geography in the University of California, urges the establishment of a professorship of foreign geography, in his annual report to President David P. Barrows submitted yesterday to the governor.

"One important result of the great war is that leaders everywhere are realizing more than ever before that a thorough knowledge of geographical conditions of the countries of the world is absolutely essential," Professor Holway states. "The conduct of the war itself, made an unusual demand for expert geographers. The attempts to formulate just conditions of peace have made clear the im-

possibility of judging other nations fairly without a thorough knowledge of their geographical conditions and of the inevitable control which these conditions exert not only upon their agriculture and their industry, but also upon their national policies. A professorship of foreign geography should be established."

BUILDING MATERIAL MEN VISIT RICHMOND

Twenty-five building material men from Los Angeles and other southern points visited Richmond yesterday. During the afternoon, in automobiles, they were taken for a tour of the industrial sections, Manager Brockman of the Certain-Tied Products Company, also entertained the men and showed them over the plant of the company and explained in detail how the goods of the company are made up.

HALF MILLION RETURNS TO BE FILED

There will be filed on or before March 15, 1920, approximately 475,000 corporation returns covering the calendar year 1920, according to estimates of the bureau of internal revenue.

The revenue act of 1918 provides that every corporation, joint stock company, association and insurance company not specifically exempt is liable to tax, and except where exempted and the accounting period ends other than on December 31, the return must be filed by March 15. With the collector of internal revenue for the district in which the corporation's principal place of business is located. Form 1120 is used by every corporation (except personal service corporations), domestic and foreign, subject to taxation for filing its income and profits tax return. Form 1065 is used by personal service corporations. The return must be sworn to by the president, vice-president, or other principal officer, and by the treasurer or assistant treasurer.

Certain corporations, such as labor, agricultural and horticultural organizations, corporations organized and operated exclusively for religious, charitable, scientific, or educational purposes, business and civic leagues, farmers' and fruit growers' mutual associations, may, by establishing their exemption, be relieved of the duty of filing returns and paying the tax. No corporation is exempt from filing a return until its status has been determined by the collector and the corporation so informed.

The corporation must file its return on the basis of its existing accounting period, which is established as the 12-month period ending on December 31, or upon the last day of some month other than December. The corporation cannot change its accounting period without permission of the commissioner of internal revenue. The commissioner will not approve a change of basis of computing net income unless the notice is given at least twenty days

before the due date of the return, on the existing basis, and at least thirty days prior to the due date of the return on the proposed basis. In general, the taxable net income of a corporation is its accounting net income, but a corporation cannot deduct donations and gratuities, nor can Federal income and profits taxes be deducted.

In place of the surtax imposed upon individuals, the law imposes upon corporations, in addition to the normal tax an excess profits tax. The computation of the excess profits tax begins with the determination of the corporation's invested capital. Invested capital, as defined by the law, is the amount of cash and tangible property paid into the corporation, together with the paid-in or earned surplus and undivided profits at the beginning of the taxable year.

The value of intangible property paid in for stock or shares, in an amount as limited by section 326 of the revenue act of 1918, may also be included in invested capital. The term "intangible property" means patents, copyrights, secret processes and formulae, good-will, trade-marks, trade brands, franchises and other like property. Borrowed capital cannot be included in invested capital. Adjustments must be made for inadmissible assets, which are defined as stocks, bonds, and other obligations (other than obligations of the United States), the dividends or interest from which is not included in computing net income.

The bureau of internal revenue carefully examines and audits returns of corporations, and whenever necessary makes a correction in the amount of tax due under the law. Severe penalties may be imposed upon corporations for delinquency in filing returns, fraud or negligence in the understatement of any taxes, and it is important that the corporation in filing its return follows closely the instructions printed on the return form.

Atchinson, 4; Thomas E. Woods, 1; Mrs. Eleanor Butterfield, 1; John Edwards, 1; J. C. Weirick, 1; Wm. F. Davis, 4; John Whelan, 5; John A. Junta, 4; James E. Fahy, 4; Frank L. Hofas, 1; Mrs. Mary McCann, 1; Mrs. Nellie M. Scott, 1; Mrs. Nellie Hewitt, 1; Albert A. Bates, 1; Antonio Nelson, 1; W. C. Armstrong, 5; Wm. B. Holliday, 2; Charles L. Pingsess, 3.

Building Permit for New Church Issued Yesterday

Bishop W. M. Du Bose, of the Methodist Episcopal Church South, yesterday secured a building permit for a frame church building to be erected at the corner of Roosevelt avenue and Twenty-third street, at a cost of \$3000. The total cost of the church, including the lot and furnishings, will run to about \$10,000. W. H. Holland has the contract.

Bessie Moore Funeral Takes Place This Morn

The funeral of the late Bessie Moore, the young woman who was run over and mutilated by a switch engine at the Southern Pacific depot yesterday morning, will be held at the Wilson & Donnelly parlors at 9:30 this morning. Rev. H. K. Sanborn and Rev. Paul Little will officiate.

The body of the unfortunate girl will be taken by her brother William to Joplin, Mo., for interment. The condition of the mother, Mrs. Irene Moore, who was prostrated at the tragedy, was last night reported to have improved.

Arrangements have been completed for the inquiry by Coroner Charles Donnelly next Monday night.

MANY NARROW ESCAPES OFFICE BUILDING FIRE IN KANSAS CITY

KANSAS CITY, Jan. 26.—Fire which broke out at noon today in the Reserve building, a downtown office structure, drove 200 officeholders to the street. Fifty persons, cut off by the flames on upper floors, were rescued by firemen.

Ten men, cut off by the flames on the top floor of the building outside of reach of extension ladders, were rescued by firemen using scaling ladders. Several men and women, overcome by smoke, were carried down the ladder.

A high wind fanned the flames, which started from an explosion in the basement of the building, occupied by a drugstore.

BARRETT AVENUE CLOSED AGAINST HEAVY TRAFFIC

Barrett avenue from Garrard boulevard to the Southern Pacific tracks has been closed to all heavy traffic. Arrests will follow the driving over this section of the street of trucks the total weight of which reaches 10,000 pounds. Notices to this effect have been posted by the engineering department of the city.

While the plumber tools of Walter D. Rihn were at the high school grounds Tuesday, someone broke open the chest and got away with a die and a Stilson wrench. The police have received a report from a Ford touring car that was stolen from Sacramento.

Red Pepper Stops Rheumatic Pains

Rub It on Sore, Stiff Joints and Muscles, and Rheumatism, Lumbago and Pain Vanish—Try It and See!

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It is as red pepper. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness, gone. Ask any druggist for a jar of Red Pepper Rub. It costs but little.

PITTSBURG RUBBER CO. TO ENLARGE

PITTSBURG, Jan. 26.—Work will begin this week on a one-story concrete building 240x85, for the Pioneer Rubber Mills, and E. A. Larkin, superintendent for Sahli-Bensano Company of Oakland, has arrived in the city to superintend the work of construction.

Mr. Larkin says that a force of 30 or 40 men would be required and that he expected to pick up as many of them as possible in Pittsburgh. He said that the structure had to be completed in sixty days, according to the terms of the contract.

The Pioneer Rubber Mills has been adding a building to its plant every year or so, and it is safe to say that in the not distant future it will be one of the leading, if not the leading, rubber industry here.

The members of David A. Solari

Post No. 100, American Legion, of this city, will give a grand ball on Saturday night, February 26, in Odd Fellows hall. A five-piece orchestra will furnish the music. The committee on arrangements, consisting of Joseph Buffo, Dr. S. H. Marks, Frank Buckley and City Manager R. M. Dorton, are planning to make the affair a most enjoyable one.

The rainfall for the 24 hours ending this morning at 7 o'clock was .05 of an inch, making a total rainfall to date for the season of 7.77 inches. While this is not as much as has fallen in many nearby sections of the state, it is a great deal more than has fallen here for the past three or four years, and the ranchers and stockmen are naturally jubilant.

P. T. A., West Side, to Purchase Movie Picture Machine

There was a well-attended meeting of the Parent-Teacher Association of the Washington school, at the Point held yesterday, at which time plans were made for the purchase of a movie picture machine.

Mrs. Bill Brown began a series of talks on "Child Welfare," which was very interesting.

The association is in a flourishing condition, and now has forty-one members enrolled. Its president is Mrs. Laura Stanley and its secretary Mrs. A. M. Head.

In the future the meetings will be held the last Wednesday of each month.

At the next meeting there will be a musical and social tea.

LETTERS TO CONGRESSMEN URGING APPOINTMENT OF REV. LITTLE TO CONSULATE

Acting upon a resolution certified to by members of the chamber of commerce, manufacturers' bureau, Secretary Wallace has written to members of Congress from California urging the appointment of Rev. Paul Little to the place of minister to one of the Near East colonies from the United States. Although the chamber of commerce will not participate in any political matter, the endorsement of Rev. Little is considered a community demand, and every reasonable effort will be made to secure the appointment of the Richmond minister.

The Richmond Company has secured a building permit for a frame store to be erected on Twenty-third street, between Humphrey and Lowell, at a cost of \$3100. It will be occupied by C. E. Spaulding as a grocery store.

LOOKING FOR SITE

Secretary D. D. Bohannon of the Resilient Sipe Wheel Company of Berkeley and San Francisco yesterday looked over Richmond with a view of the possible establishment of a factory here for the manufacture of its products. According to a statement made by Bohannon, the company has a new invention and the plant will go to the city offering the best site.

THE BEST PROOF

Given by a Richmond Citizen. Doan's Kidney Pills were used—they brought benefit.

The story was told to Richmond residents.

Time has strengthened the evidence.

Has proven the result lasting.

The testimony is home testimony.

It can be investigated by Richmond residents. Ask your neighbor.

Mrs. O. F. Barley, 612-8th St., Richmond says: "I think the drinking water is what weakened my kidneys and caused kidney trouble, some years ago. I had constant pains in the small of my back and at night I was restless and unable to sleep. I was very nervous and had headaches and dizzy spells. I read about Doan's Kidney Pills and two boxes from LaMoine's Drug Store cured me of the attack and I never felt better." (Statement given May 31, 1916.)

On January 22, 1920, Mrs. Barley added: "I have had no trouble with my kidneys since Doan's Kidney Pills cured me. I always recommend Doan's. I know they do what is claimed for them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Barley had. Foster-McLurden Co., Mfrs., Buffalo, N. Y.—Adv.

Clamp Lid Tight on Gambling; Get Ready for Booze

The lid has been clamped on tight by Martinez (3) all gambling resorts, and it was reported to the authorities yesterday that there was not a single gambling game there on Tuesday night. Professional gamblers alleged to have been operating there for some time were instructed to secure other occupations or make their homes elsewhere.

Billiard and pool games in which money or anything of value was at stake have been stopped. Even the well-known Pedro Club, which had been in existence in a local cigar store for a number of years, and which had been patronized by many prominent local citizens and county officials, was placed under the official hatchet and is no more. There is some question among those who have been regular players in the Pedro games, whether it is a violation of the law, as they state that the only chance in the game is the possibility of the loser paying the sum of five cents to the manager.

While the plumber tools of Walter D. Rihn were at the high school grounds Tuesday, someone broke open the chest and got away with a die and a Stilson wrench. The police have received a report from a Ford touring car that was stolen from Sacramento.

THROAT TROUBLE CURED

Oakland, Nov. 1, 1920. To whom it May Concern:

I suffered from throat trouble for 15 years, during which time I could neither eat nor swallow without pain. I became very weak and was unable to work for months. I had numerous doctors and then tried a Throat specialist, who told me that my trouble was due to the blood. He advised me to take blood medicine. Thereupon my brother, who had been cured of Stomach Trouble by the FONG WAN HERBS, urged me to try them. After drinking the herbs for 15 weeks, I felt entirely well. I have since gained 25 pounds. It is 10 months since I took the herbs, and I am now giving this testimonial to let the public know that any sufferer should try the FONG WAN HERBS. I am a watchman for the California Food Specialties Co.

How Candidates for Policemen Can Qualify

Richmond Police, Chief Woods is recommended to get a copy of the questionnaire which Dr. Jan Don Ball propounded for applicants for positions on the Alameda police force and try the questions on the members of the local fold. Here are a few of the gems for which Ball required answers:

What is the color of rain?
How many wives had Solomon?
Why does a cow eat grass?
Why do fish swim?
There were other questions but those quoted will give some idea of what Ball evidently considers a cop should know before he can handle a drunk, a bootlegger, or anything else in the execution of his duty. All of the nine applicants passed the physical tests with flying colors, but when they failed to properly answer five pages of questions along the lines of those enumerated, they failed to qualify.

Should Chief Woods put his men on a similar grill, here are a few other little questions, similar to those evolved by the genius of the Alameda wit, which he might add:

Why is why why?
Why is water wet?
Why is grass green?
Why does a black cow give white milk?

Virginia Clark, Husband Slayer, on Way to Prison

Mrs. Virginia Clark, found guilty of the murder of her "mail order" husband, passed through Richmond yesterday in the automobile of Sheriff Barnett of Oakland on her way to San Quentin prison to serve from ten years to life. The prisoner was in a pleasant mood and expressed the conviction that she would not spend much time in prison. An appeal of her case is being prepared by her attorney.

Industrial Fight-No Middle Path

In the great industrial fight now being waged we must either have a peaceful reformation or a bloody revolution, Miss Rita Freeman, of the University of Chicago Settlement House, last night told a big audience in the course of an address on Cooperation in the assembly hall of the Labor Temple. There was no middle of the road path for anyone to take, in her opinion.

In lining up with the co-operators, she said, it was a matter of lining up with the peaceful reformation as against the revolution. In the United States there was all the machinery for democracy but not the will.

"We need never have any other

revolution than the revolution we are now having," she said. "The industrial turmoil of the world is not a fight of hours or wages but a fight on profit. The workers of the world have said they do not believe in production for private profit. The consumers' stores were putting democracy into industry and believed that industry should be organized for community benefit and for community benefit only, that industry should be organized for the consumers' benefit. More and more people are putting their social interests ahead of their economic interests by joining cooperative organizations.

"We need never have any other

Progressive Meet of Manufacturers Held Yesterday

One of the most interesting progressive meetings of the Manufacturers Bureau of the Chamber of Commerce was held at the Chamber noon lunch yesterday. There was a "capacity" attendance considering the reservations of the committee room now used for the luncheon.

Communications from various sources were read, and minor matters of concern to the bureau were disposed of.

D. D. Bohannon, engineer for the Resilient Safewheel Corporation, and R. Carl Knight, of the California Home Investment Association were the speakers. Among the pertinent matters determined at the meeting was the organization of a clearing house report system for Richmond banks, the system to operate through the Chamber of Commerce.

CLEVELAND'S GREAT ARMORY DESTROYED WITH BIG LOSS

CLEVELAND, Jan. 26.—Ten thousand rounds of rifle ammunition stored in the basement of the Cleveland Grays' armory, exploded today. Three firemen, overcome in the suffocating smoke, were rescued just as the roof fell in. The loss is estimated at \$300,000, of which \$50,000 was in Government paraphernalia.

The fire destroyed everything but the walls in the rear of the historic old structure, which has housed everything from prize fights to national conventions.

\$52,039 Cost of Legislature for the Half Session

SACRAMENTO, Jan. 26.—Salaries and incidental costs of the first session of the legislature totaled \$52,039, according to figures compiled by State Controller Joan S. Chambers today.

The assembly, because of the number of its members, cost the most its expenditures totaling \$21,445.20, while the expenses of the senate approximated \$20,583. Salaries in the assembly totaled \$17,380, and in the senate \$3777. The itemized expense account of both houses follows:

For the senate, contingent, \$1,894.50; mileage, \$1942.30; salaries, \$8,777; officers and clerks, \$7977; total, \$20,583.80.

For the assembly, contingent, \$2,080; mileage, \$3691.20; salaries, \$17,380; officers and clerks, \$8204; total, \$31,455.20. Full total, \$52,039.

Receipt of Orders Makes Big Plant Remain in City

The Western Pipe and Steel Company, according to a statement issued yesterday, has decided to postpone indefinitely the removal of its Richmond plant, which it had proposed to consolidate with its shipbuilding shops in South San Francisco, and it is understood that the shops will remain here at all events for the balance of this year, and possibly permanently. Receipt of a large number of orders for the local works, which can best be handled here, was given as the reason for the change in plans.

PARENT-TEACHER ASSN. MUSICALE AT LINCOLN

HAVE COLOR IN CHEEKS Be Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous wastes. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like calomel yet have no dangerous after effect. Take one nightly and note results. They start the bile and overcome constipation. That's why millions of boxes are sold annually. 15c and 50c.

EXPERTS DISCUSS DEADLY TEREDOS

Opening sessions of the American Wood Preservers' Association are being held at the St. Francis Hotel in San Francisco. There are 600 delegates in attendance.

A. L. Kammerer gave the report of the committee on preservatives: R. G. Crawford gave a review of utilization and service; A. C. Pestel told of treatment of Douglas fir ties and flooring and paving was discussed by L. T. Ericson. E. A. Lindsay told of creosoting lumber to be used in ranch and farm buildings.

F. D. Mattos gave the report for the committee on San Francisco bay marine piling, and Dr. Charles A. Kofoid of the University of California, talked on ways of eliminating the teredo or marine borer. Kofoid has given years to the study of this menace. It is a subject which every wharf company and steamship line is vitally interested in and a large crowd was on hand to hear him. Kofoid has spent a year in assembling the reports of national authorities on the subject and to the study of the borer in upper San Francisco bay, where the Port Costa slip and the Mare Island wharf have been condemned or collapsed due to the persistence of the teredo.

A fund of \$60,000 was appropriated to establish a service department to study and report on teredo fungus, Chinese white ants and other wood destroyers. Administration of the fund will be by a committee composed of Walter Buehler, New York; L. C. Drefail, Cleveland; R. S. Manley, New Orleans; L. J. Colman, Seattle, and G. B. Shipley, Pittsburg.

The sessions will be devoted almost entirely to the reports of committees appointed a year ago to study various conditions and report upon them.

Benicia Puts Ban on Slot Machines and All Gambling

BENICIA, Jan. 26.—Acting under instructions from District Attorney Lindhaur, City Marshal S. A. Johnston ordered all slot machines, punch boards and similar devices of chance closed in Benicia. The order came as a result of a note from the recent grand jury calling attention to gambling and bootlegging throughout the county. A copy of the note was sent to Secretary of the Navy Daniels, Col. E. P. O'Hern, commanding officer at Benicia Arsenal, and Capt. E. L. Beach, commandant at Mare Island. It is said the lid has been clamped on all over the county.

POCAHONTAS BANQUET NEWLY-WED MEMBERS Members of the degree of Pocahontas last night in full force entered members of the order married within the past few months at a dance and banquet at the Pythian Castle. A very enjoyable time was spent, and the newly-weds were showered with congratulations. The committee in charge of the arrangements was Mrs. Green, Mrs. Smith and the Misses Margaret and Lena Rogers.

RIOTS IN INDIA CAUSE OF ALARM IN ENGLAND LONDON, Jan. 26.—A new outbreak of rioting in the Indian provinces of Oudh and Agra, in which a policeman was killed, was reported in a dispatch from Allahabad today. A detachment of policemen, who had been detailed to preserve order, was attacked by a mob.

NEW YORK YOUTH IS JAILED FOR EXTORTION NEW YORK, Jan. 26.—Miles Gusav Rehenseren, 18, was arraigned in police court here today on the charge of trying to extort \$500 from W. E. D. Stokes, millionaire realty owner and railway official.
